FOR:	PEPTIDE-BASED PASSIVE IMMUNIZATION THERAPY FOR TREATMENT OF ATHEROSCLEROSIS		

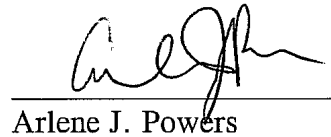
Mail Stop Amendment
Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450
Sir:

RESPONSE TO OFFICE COMMUNICATION

In response to the Office Communication mailed on January 24, 2008, please replace the Substitute Specification filed on February 9, 2007, with the attached sheets of Substitute Specification in both marked-up and clean versions. No new matter has been added. This Substitute Specification is being filed in order to provide a specific reference to U.S. Provisional Patent Application No. 60/421,067, filed on October 25, 2002, upon which the subject application claims priority. The attached Substitute Specification has also been filed in order to provide a Brief Description of the Drawings and to include SEQ ID NOS. in compliance with 37 CFR 1.821(d). These SEQ ID NOS. were previously added to the specification by amendment on May 25, 2004 and were mistakenly omitted from the Substitute Specification filed on February 9, 2007. No new matter has been added.

The Commissioner is authorized to charge Deposit Order Account No. 19-0079 for any fees that may be required.

Respectfully submitted,



Arlene J. Powers
